**ELDERHELP
of
NORTH IDAHO**

Being a Blessing on Purpose

The Goal of ElderHelp

To help the elderly in our community to remain independent in the comfort and safety of their own homes.

Volunteers give of their time to accomplish projects that affect the safety and health of those who qualify for **ElderHelp**.

The needs of our Elderly deserve to be tended to, first and foremost by relatives and friends. But where there is a lack in these areas, **ElderHelp** was designed to help out.

Elderhelp is funded by donations from Individuals, businesses, along with fund raising activities. Volunteers attend meetings where applicants and their needs are discussed and projects are chosen based on the most pressing safety issues receiving attention first.

The Kinds of Projects We Do!

Projects that would affect your health or safety.

- Installing various types of handrails.
- Repair leaks in roofs.
- Repair plumbing leaks.
- Repair floors that present a safety hazard.
- Locks on doors and windows.
- Maintenance and installations of smoke detectors.
- Furnace Repairs.
- Providing fire wood year round.
- Weather-stripping.
- Building Handicap Ramps.
- Elder Companion.

Do I Qualify for Help?

- You must own or rent the home you are living in and it is your only home.
- You have limited income and are without the resources to pay for the repairs that need to be done.
- You have no nearby relatives or friends that can be of assistance, either financially or physically
- The work required involves safety or health related issues.

Those who, in our opinion, have the most pressing safety concerns are given priority because of the limited resources and time that is available. We strive to help as many in our community as possible.
